## **Narrative Inquiry: A Methodology for Studying Lived Experience**

Dewey's view of experience was also the starting point

for other researchers' views for the narrative study of human experience. This view allowed for the study of experience that acknowledged the embodiment of the person in the world following the work of philosophers such as Johnson (1987). Narrative inquirers

Utilitarianism - [earlymoderntexts.com](http://earlymoderntexts.com)

of observation and experience just as •truth and falsehood are. But both schools hold equally that morality must be deduced from principles; and the intuitive school affirm as strongly as the inductive does that there is a science of morals—i.e. an organized system containing basic axioms from which the rest can be rigorously deduced ...
