## SOUTH AFRICA'S NATIONAL RESEARCH AND

...

the Tsumisano Technology Stations Programme have begun to strengthen technology diffusion and harness the entrepreneurship of the Science and Technology community. However, these positive steps forward revealed that there are new sets of challenges facing us, to which we must respond. Innovation is not the same as research and development.

*DETAILED REVIEW OF ROGERS' DIFFUSION OF ...*

The second element of the diffusion of innovations process is communication channels. For Rogers (2003), communication is “a process in which participants create and share information with one another in order to reach a mutual understanding” (p. 5). This communication occurs through channels between sources. Rogers
